

H.H Misbah Securities (Private) Limited
Financial Statements
For the year ended
June 30, 2020

INDEPENDENT AUDITOR'S REPORT

To the members of H.H MISBAH SECURITIES (PRIVATE) LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statement of **H.H MISBAH SECURITIES (PRIVATE) LIMITED**, which comprise the statement of financial position as at **June 30, 2020** and the statement of profit or loss and other comprehensive income, the statement of changes in equity, the statement of cash flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss and other comprehensive income, the statement of changes in equity and statement of cash flow together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017, in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2020 and of the loss for the year then ended; and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan / Institute of Cost and management Accountants (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirement of Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease

operation, or has no realistic alternative but to do so. Boards of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017;
- b) the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) No zakat was deductible at source under the Zakat and Ushr Ordinance, 1980.

The engagement partner on the audit resulting in this independent auditor's report is **Imran Iqbal**

HH MISBAH SECURITIES (PRIVATE) LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2020

1 Legal Status and Nature of Business

HH Misbah Securities (Private) limited was incorporated under the Companies Ordinance, 1984 on July 11, 2003 as a private limited company. The Company is a corporate member of Pakistan Stock Exchange Limited. The registered office of the company is located at room no.96 & 97, 2nd floor, Pakistan Stock Exchange Building, Stock Exchange Road, Karachi. The principal activities of the Company are investment and share brokerage.

2 Basis of Preparation

2.1 Statement of Compliance

These financial statements are prepared in accordance with the provisions of the Companies Act, 2017. Accordingly, these financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017, provisions of and directives issued under the Companies Act, 2017. In case requirements differ, the provisions or directives of the Companies Act, 2017 shall prevail.

2.2 Basis of Measurement

These financial statements have been prepared under the historical cost convention except Investments that are carried at fair value.

2.3 Functional and Presentation Currency

These financial statements are presented in Pak Rupees, which is the functional and presentation currency of the Company.

2.4 Critical Accounting Estimates and Judgments

The preparation of financial statements is in conformity with approved accounting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised.

Significant areas requiring the use of management estimates in these financial statements relate to the useful life of depreciable assets, value of intangibles and provision for doubtful receivables.

2.5 New Accounting pronouncements

The following revised standards, amendments and interpretations with respect to approved accounting standards as applicable in Pakistan would be effective from the dates mentioned below against the respective standards or interpretation:

Description effective for periods		Effective for periods beginning on or after
IAS 1	Presentation of financial statements (Amendments)	January 01, 2020
IAS 41	Agriculture (Amendments)	January 01, 2022
IFRS 09	Financial Instruments (Amendments)	January 01, 2022
IFRS 16	Leases (Amendments)	June 01, 2020

The Company expects that the adoption of the above revisions, amendments and interpretations of the standards will not have material effect on the Company's financial statements in the period of initial application.

Further, the following new standards have been issued by IASB which are yet to be notified by the Securities and Exchange Commission of Pakistan (SECP) for the purpose of applicability in Pakistan.

Description effective for periods		Effective for periods beginning on or after
IFRS 01	First time adoption of International Financial Reporting Standards	July 01, 2009
IFRS 14	Regulatory Deferral Accounts	January 01, 2016
IFRS 17	Insurance Contract	January 01, 2022

3 Summary of Significant Accounting Policies

The significant accounting policies adopted in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented.

3.1 Taxation

Income tax expense comprises of current, and prior year. Income tax expense is recognized in profit and loss account except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity.

3.1.1 Current

Current tax is the expected tax payable on the taxable income for the year using tax rates enacted or substantively enacted at the balance sheet date, and any adjustments to tax payable in respect of prior years.

3.1.2 Deferred Tax

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences at the balance sheet date between the tax base and carrying amount of assets and liabilities for financial reporting purposes.

Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized for all deductible temporary differences and carried forward unused tax losses, to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and carried forward unused tax losses can be utilized. Carrying amount of all deferred tax assets are reviewed at each balance sheet date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.2 Property and Equipment

Property and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditures that are directly attributable to the acquisition of the asset. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. Cost incurred to replace a component of an item of property and equipment is capitalized, the asset so replaced is retired from use and its carrying amount is derecognized. Normal repairs and maintenance are charged to the profit and loss account in the period in which they are incurred.

Depreciation on all property and equipment is charged to the profit and loss account using Reducing balance method over the asset's useful life at the rates stated Note no. 4. The depreciation on property and equipment is charged full in the month of acquisition and no depreciation is charged in the month of disposal. Gains or losses on disposal of an item of property and equipment are recognized in the profit and loss account. The assets' residual value and useful life are reviewed at each financial year end, and adjusted if appropriate.

3.3 Intangible Assets

These are stated at cost less accumulated amortization and impairment losses, if any. Amortization is charged using the straight line method over assets estimated useful life at the rates stated therein, after taking into account residual value, if any. The residual values, useful lives and amortization methods are reviewed and adjusted, if appropriate, at each balance sheet date.

Amortization on additions is charged from the month the assets are put to use while no amortization is charged in the month in which the assets are disposed of. Gain and losses on disposal of such assets, if any, are included in the profit and loss account.

3.4 Non-Financial Assets

The carrying amounts of non-financial assets are assessed at each reporting date to ascertain whether there is any indication of impairment. If such an indication exists, the asset's recoverable amount is estimated to determine the extent of impairment loss, if any. An impairment loss is recognized, as an expense in the profit and loss account. The recoverable amount is the higher of an asset's fair value less cost to disposal and value in use. Value in use is ascertained through discounting of the estimated future cash flows using a pretax discount rate that reflects current market assessments of the time value of money and the risk specific to the assets for which the estimate of future cash flow have not been adjusted. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

An impairment loss is reversed if there is a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized previously. Reversal of an impairment loss is recognized immediately in profit and loss account.

3.5 Financial Instruments

3.5.1 The company classifies its financial assets in the following three categories:

- a) Financial asset measured at amortized cost
- b) Financial asset measured at fair value through other comprehensive income (FVOCI); and
- c) Financial asset measured at fair value through profit or loss (FVTPL).

a) Financial assets at amortized cost:

A financial asset measured at amortized cost if it is held within business model whose objective is to hold assets to collect contractual cash flows, and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest and interest on principal amount outstanding.

b) Financial assets at FVOCI:

A financial asset is classified at fair value through other comprehensive income either:

It is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding; or

It is an investment in equity instrument which is designated as at fair value through other comprehensive income in accordance with the irrevocable election available to the company at initial recognition.

Such financial asset is initially measured at fair value plus transaction costs that are directly attributable to the acquisition or issue thereof.

c) Financial assets at FVTPL:

A financial asset shall be measured at fair value through profit or loss unless it is measured at amortized cost or fair value through other comprehensive income, as aforesaid.

Such financial asset is initially measure at fair value.

3.5.2 Initial recognition:

The company recognizes an investment when and only when it becomes party to the contractual provisions of the instrument evidencing investment.

Regular way purchase of investments is recognized using settlement date accounting. I.e. on the date which settlement of purchase transaction takes place. However, the company follows trade date accounting for its own (the house) investments. Trade date is the date on which the company commits to purchase or sell its asset.

3.5.3 Subsequent measurement:

a) Financial asset measured at amortized cost

These assets are subsequently measured at amortized cost (determined using effective interest rate method) less accumulated impairment losses.

"Interest / markup income, foreign exchange gains and losses and impairment losses arising from such financial assets are recognized in the profit and loss account.

b) Financial asset at FVOCI

These are subsequently measured at fair value less accumulated impairment losses.

A gain or loss on financial asset measured at fair value through other comprehensive income is recognized in other comprehensive income, except for impairment gains or losses and foreign exchange gains and losses, until the financial asset is derecognized or reclassified. When the financial asset is derecognized the cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment. (Except for investments in equity instruments which are designated as at fair value through other comprehensive income is not so reclassified). Interest is calculated using the effective interest method and is recognized in profit or loss.

c) Financial asset at FVPL

These assets are subsequently measured at fair value.

Net gains or losses arising from measurement of such financial assets as well as any interest income accruing thereon are recognized in profit or loss account.

3.5.4 Impairment:

The company's financial asset that is subject to impairment requirements of IFRS 9 is trade and other receivables.

The company applies the IFRS 09 'simplified approach' to measuring expected credit losses which uses a lifetime expected credit loss allowance. The company measures expected credit losses in a way that reflects an unbiased and probability weighted amount, time value of money and reasonable and supportable information at reporting date about past events, current conditions, and forecast of future economic conditions. The company recognizes in profit and loss account, as an impairment loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date.

3.6 offsetting of financial assets and financial liabilities:

Financial assets and liabilities are off-set and the net amount is reported in the statement of financial position if the company has a legal right to set off the transactions and also intends either to set on a net basis or to realize the asset and liability simultaneously.

3.7 Trade Debts:

Trade debts and other receivables are stated initially at amortized cost using effective interest rate method. Provision is made on the basis of life time ECLs that result from all the possible events over the expected life of the trade debts and other receivables. Bad debts are written off when considered irrecoverable.

3.8 Trade and Other Payables

Trade and other payables are carried at cost, which is the fair value of the consideration to be paid, in the future for goods and services received.

3.9 Provisions

Provisions are recognized when the Company has present obligation (legal or constructive obligation) as a result of a past event, it is probable that outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect current best estimate

The amount recognized as provision is the best estimate of consideration required to settle the present obligation at the end of reporting period, taking into account the risk and uncertainties surrounding the obligation.

3.10 Revenue Recognition

- Brokerage income is recognized at a point in time as and when transaction is executed.
- Mark-up income, return on bank deposits and balances are recognized on accrual basis.

3.11 Cash and Cash Equivalents

For the purpose of cash flow statement, cash and cash equivalents comprise cash in hand, bank balances and highly liquid short term investments with original maturities of three months or less, that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

3.12 Related Party Transactions

Transactions in relation to sales purchase and services with related parties are made at arm's length price which is determined in accordance with the comparable uncontrolled price method. The related parties comprise of entities over which the directors are able to exercise significant influence, entities with common directors, major shareholders, directors and key management employees.

21.2 Financial risk management

The company primarily invests in marketable securities and are subject to varying degree of risk.

The Board of Directors of the company has overall responsibility for the establishment and oversight of the company's risk management framework. The company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk
- Operational risk

21.2.1 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking in to account the fair value of any collateral. Credit risk arises from the inability of the issuers of the instruments, the relevant financial institutions or counter parties in case of placements or other arrangements to fulfil their obligations.

Exposure to Credit risk

Credit risk of the company arises principally from the trade debts, short term investments, loans and advances, deposits and other receivables. The carrying amount of financial assets represents the maximum credit exposure. The company allow to trade in future contracts after taking appropriate margins.

Credit risk is minimised due to the fact that the company invest only in high quality financial assets, all transactions are settled/paid for upon delivery. The company doesnot expect to incur material credit losses on its financial assets. The maximum exposure to credit risk at the reporting date is as follows:

	2020	2019

The credit rating agency are PACRA and JCR-VIS.

** The amount is kept in Summit bank. The rating of Summit Bank is suspended

21.2.2 Liquidity risk

Liquidity risk is the risk that the company will encounter difficulty in meeting its financial obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the company could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding to an adequate amount of committed credit facilities and the ability to close out market positions due to dynamic nature of business.

2020					
	carrying amount	contractual cash flows	up to one year	one to two years	Two to five years
Financial Liabilities					
Trade and other payables	100,817,879	100,817,879	100,817,879	-	-
Loan from Directors	3,500,000	3,500,000	3,500,000	-	-
	<u>100,817,879</u>	<u>100,817,879</u>	<u>100,817,879</u>		
2019					
	carrying amount	contractual cash flows	up to one year	one to two years	Two to five years
Financial Liabilities					
Trade and other payables	56,953,802	56,953,802	56,953,802	-	-
Loan from Directors	3,500,000	3,500,000	3,500,000	-	-
	<u>60,453,802</u>	<u>60,453,802</u>	<u>60,453,802</u>	<u>-</u>	<u>-</u>

On the balance sheet date, the company has cash and bank balances of Rs 142.4 million (2019: 73.46 million) and short term investments of Rs 77 million (2019: 74 million) for repayment of liabilities

21.2.3 Market risk

Market risk is the risk that the value of the financial instrument may fluctuate as a result of changes in market interest rates or the market price due to change in credit rating of the issuer or the instrument, management manages market risk by monitoring exposure on marketable securities by following the internal risk management and investment policies and guidelines.

Market risk comprises of three types of risk: currency risk, interest rate risk and other price risk.

Currency risk

Foreign currency risk arises mainly where receivables and payables exist due to transactions in foreign currencies. Currently there is no currency risk as all financial assets and liabilities are in PKR.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market risk. The company is not exposed to interest rate risk as there is no interest based liability or asset.

Other price risk

Other price risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factor affecting all or similar financial instrument traded in the market.

The company's listed securities are susceptible to market price risk arising from uncertainties about the future value of investment securities. The company manages the equity price through diversification and all instruments are made through surplus funds.

The company is exposed to other price risk on investment in listed shares. The company manages the risk through portfolio diversification, as per recommendation of Investment committee of the company. The committee regularly monitors the performance of investees and assess the financial performance on on-going basis.

The 10 percent increase/(decrease) in market value of these instruments with all other variables held constant impact on profit and loss account of the company is as follows:

	Before Tax	
	10% Increase	10% Decrease
as at 30th June 2020	8,809,459	(8,809,459)
as at 30th June 2019	8,859,457	(8,859,457)

21.3 Fair value of Financial instruments

The Carrying values of all financial assets and liabilities reflected in these financial statements approximate to their fair value. The company measures fair value using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

The company annually hold listed assets amounting to Rs 88.09 million (2019: 88.59 million) that are recorded at quoted price.
